

HOW TO

Buy Zcash

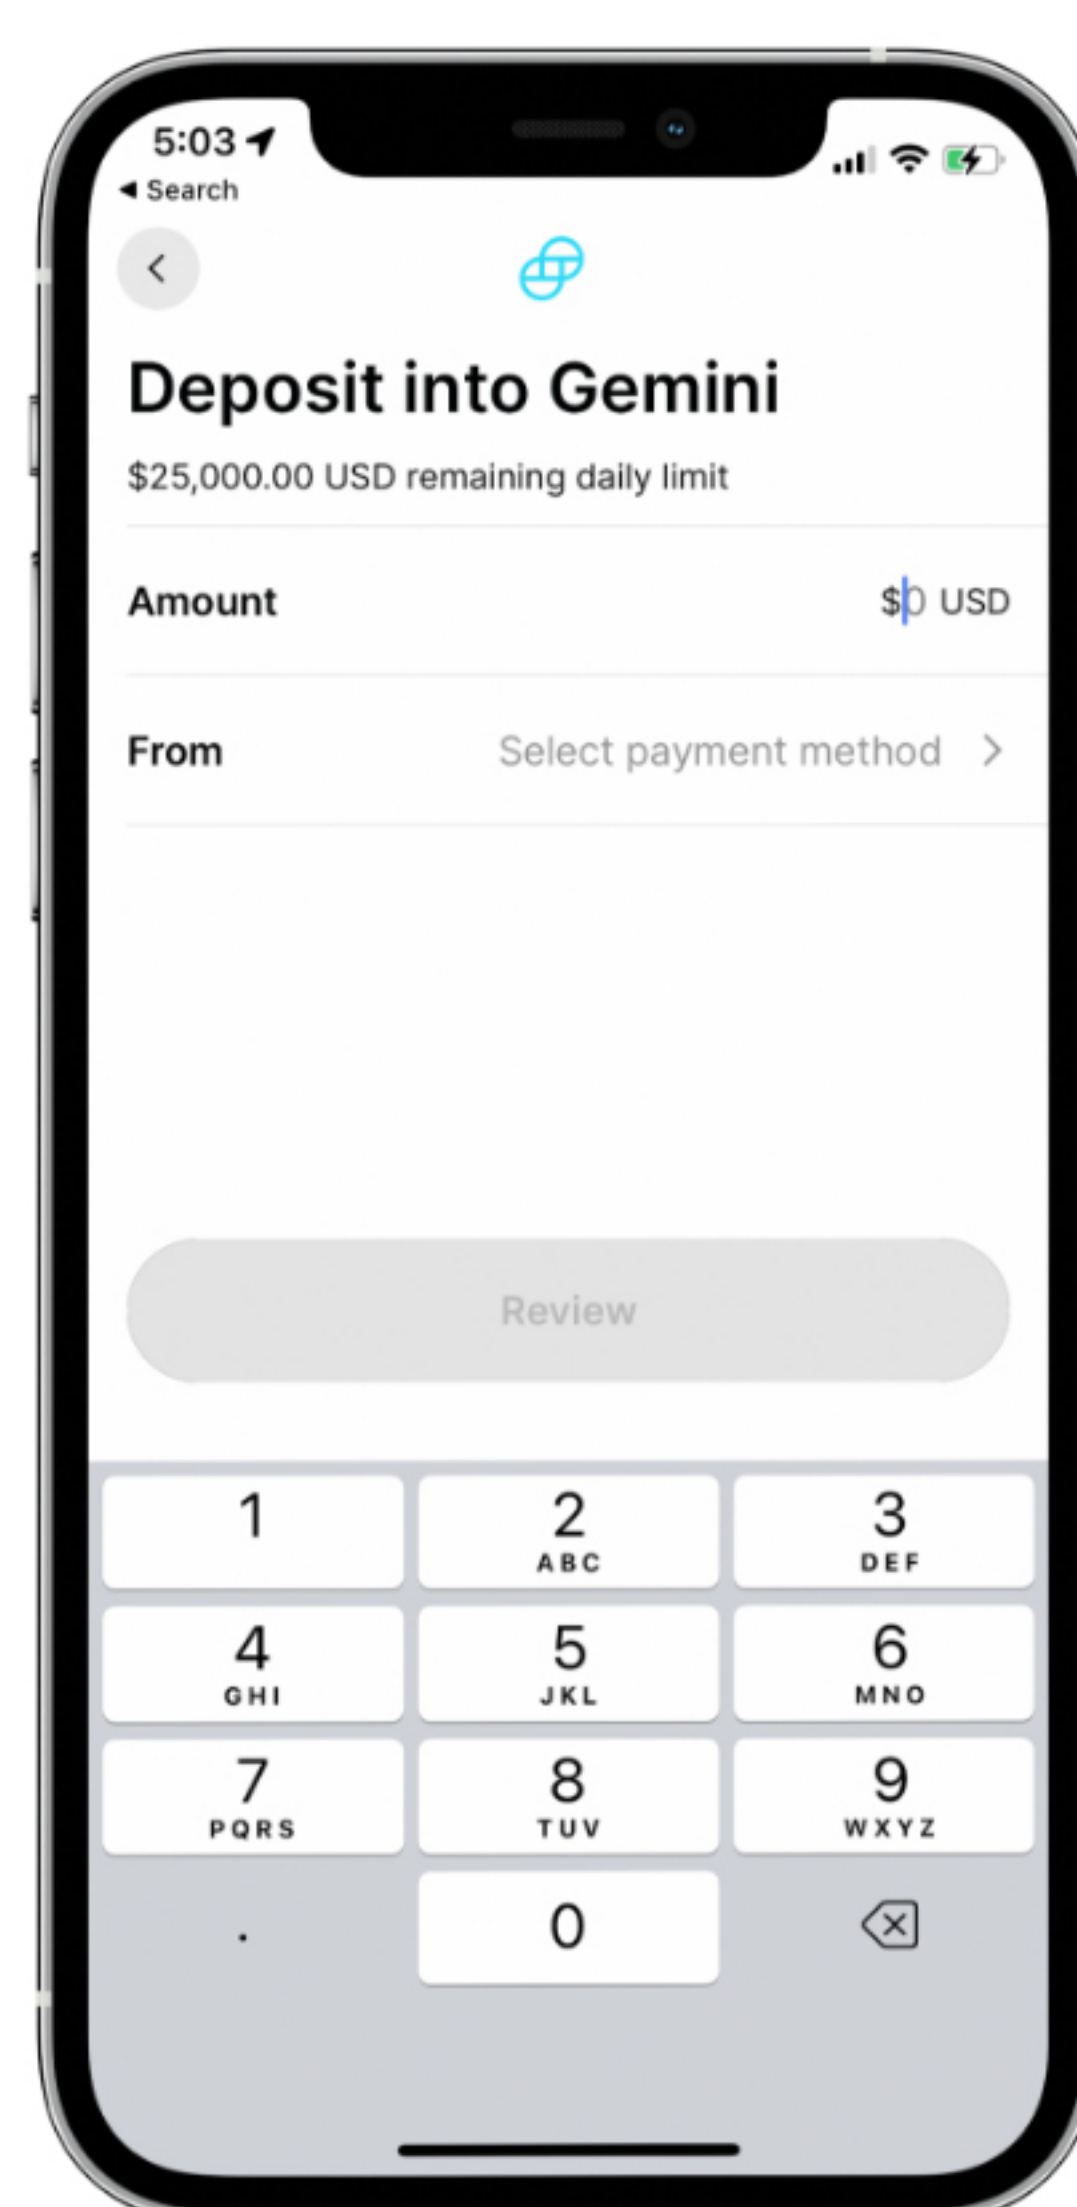

Exchange dollars or another type of money for ZEC (the Zcash currency).

ZEC can be purchased on a number of exchanges. The following instructions are for Gemini, but most exchanges follow a similar process. Find other exchanges at z.cash/ecosystem/exchanges.

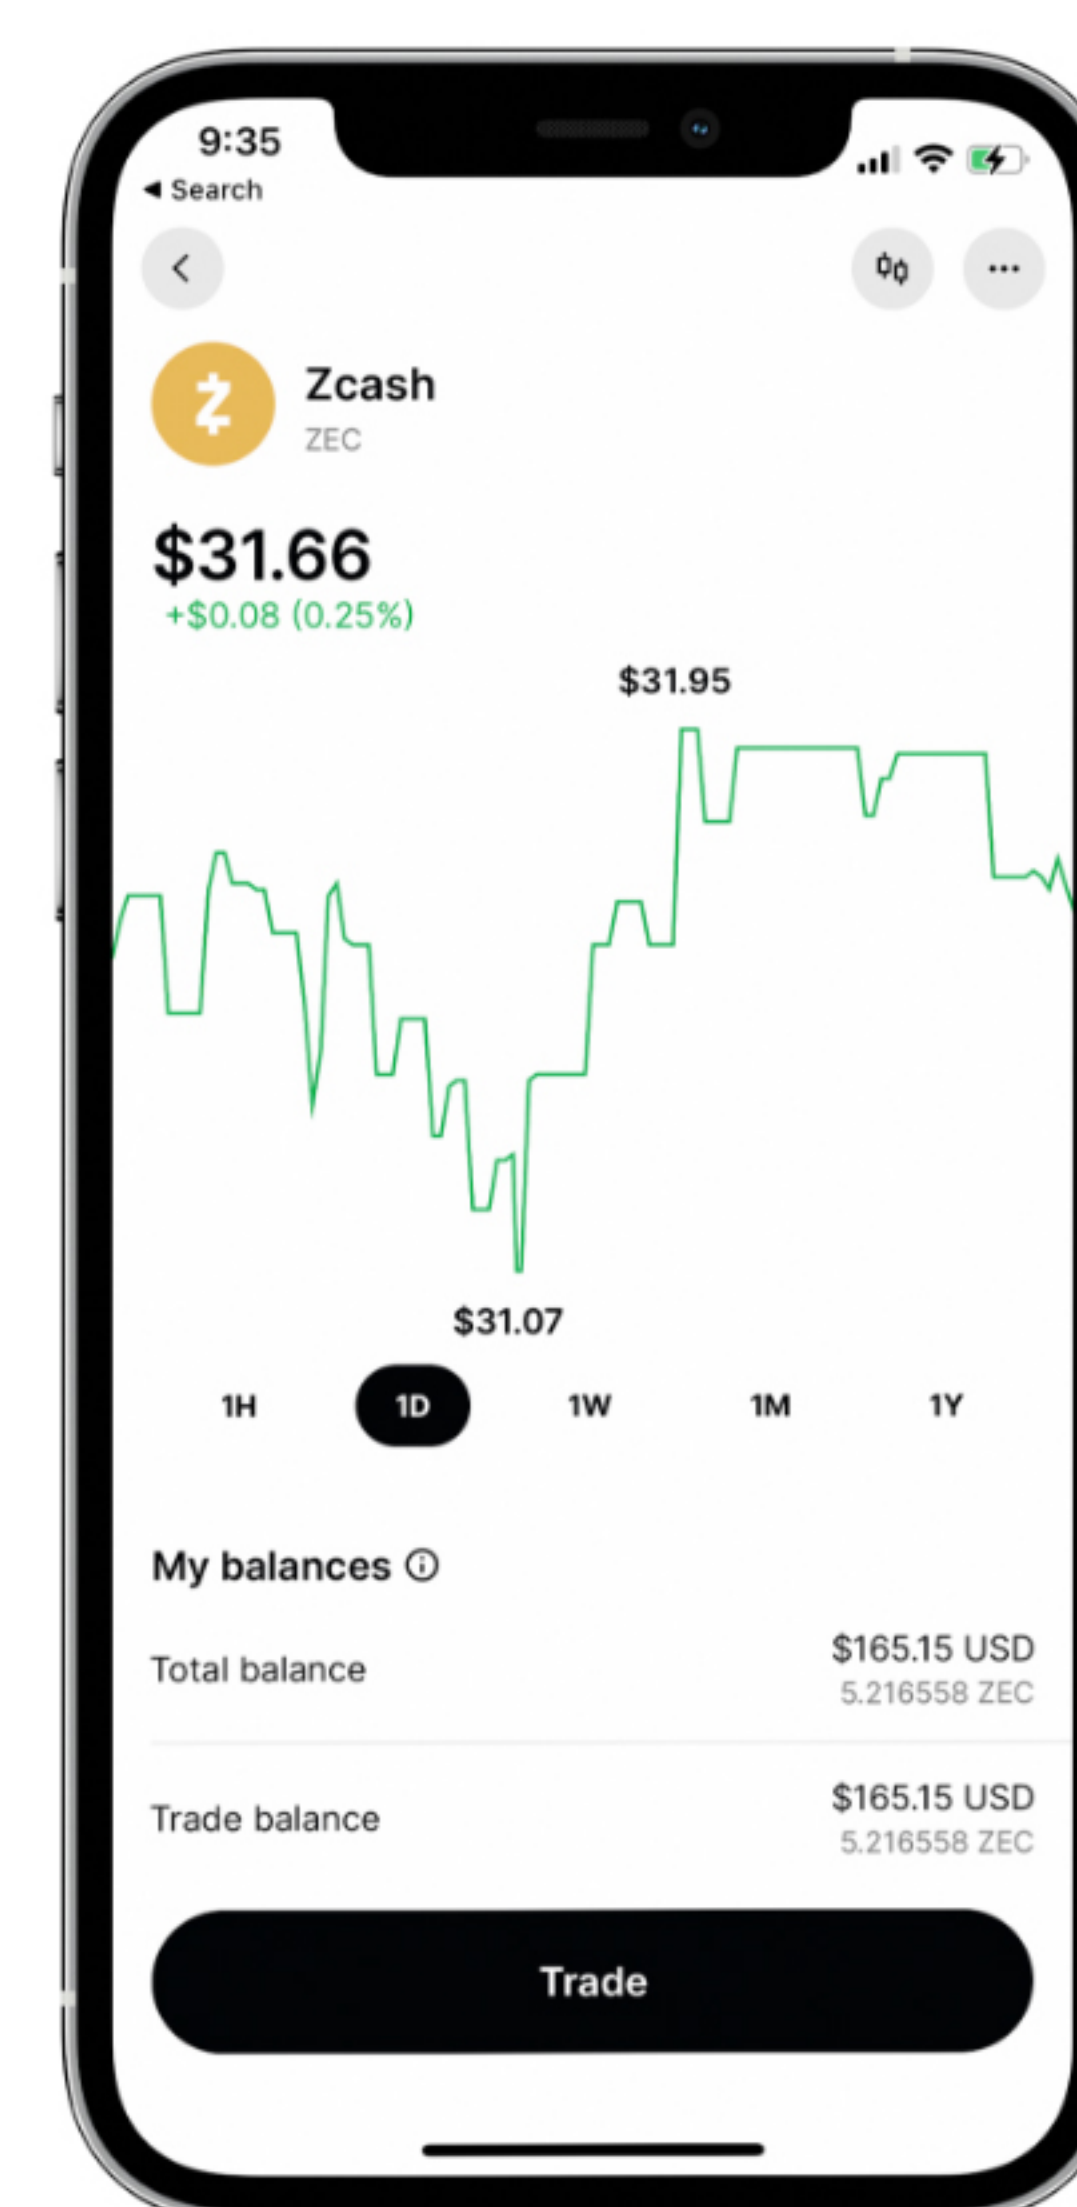

1

Visit the [Gemini website](https://gemini.com) or download the [mobile app](#).

2

Set up an account and deposit US dollars or another fiat currency.

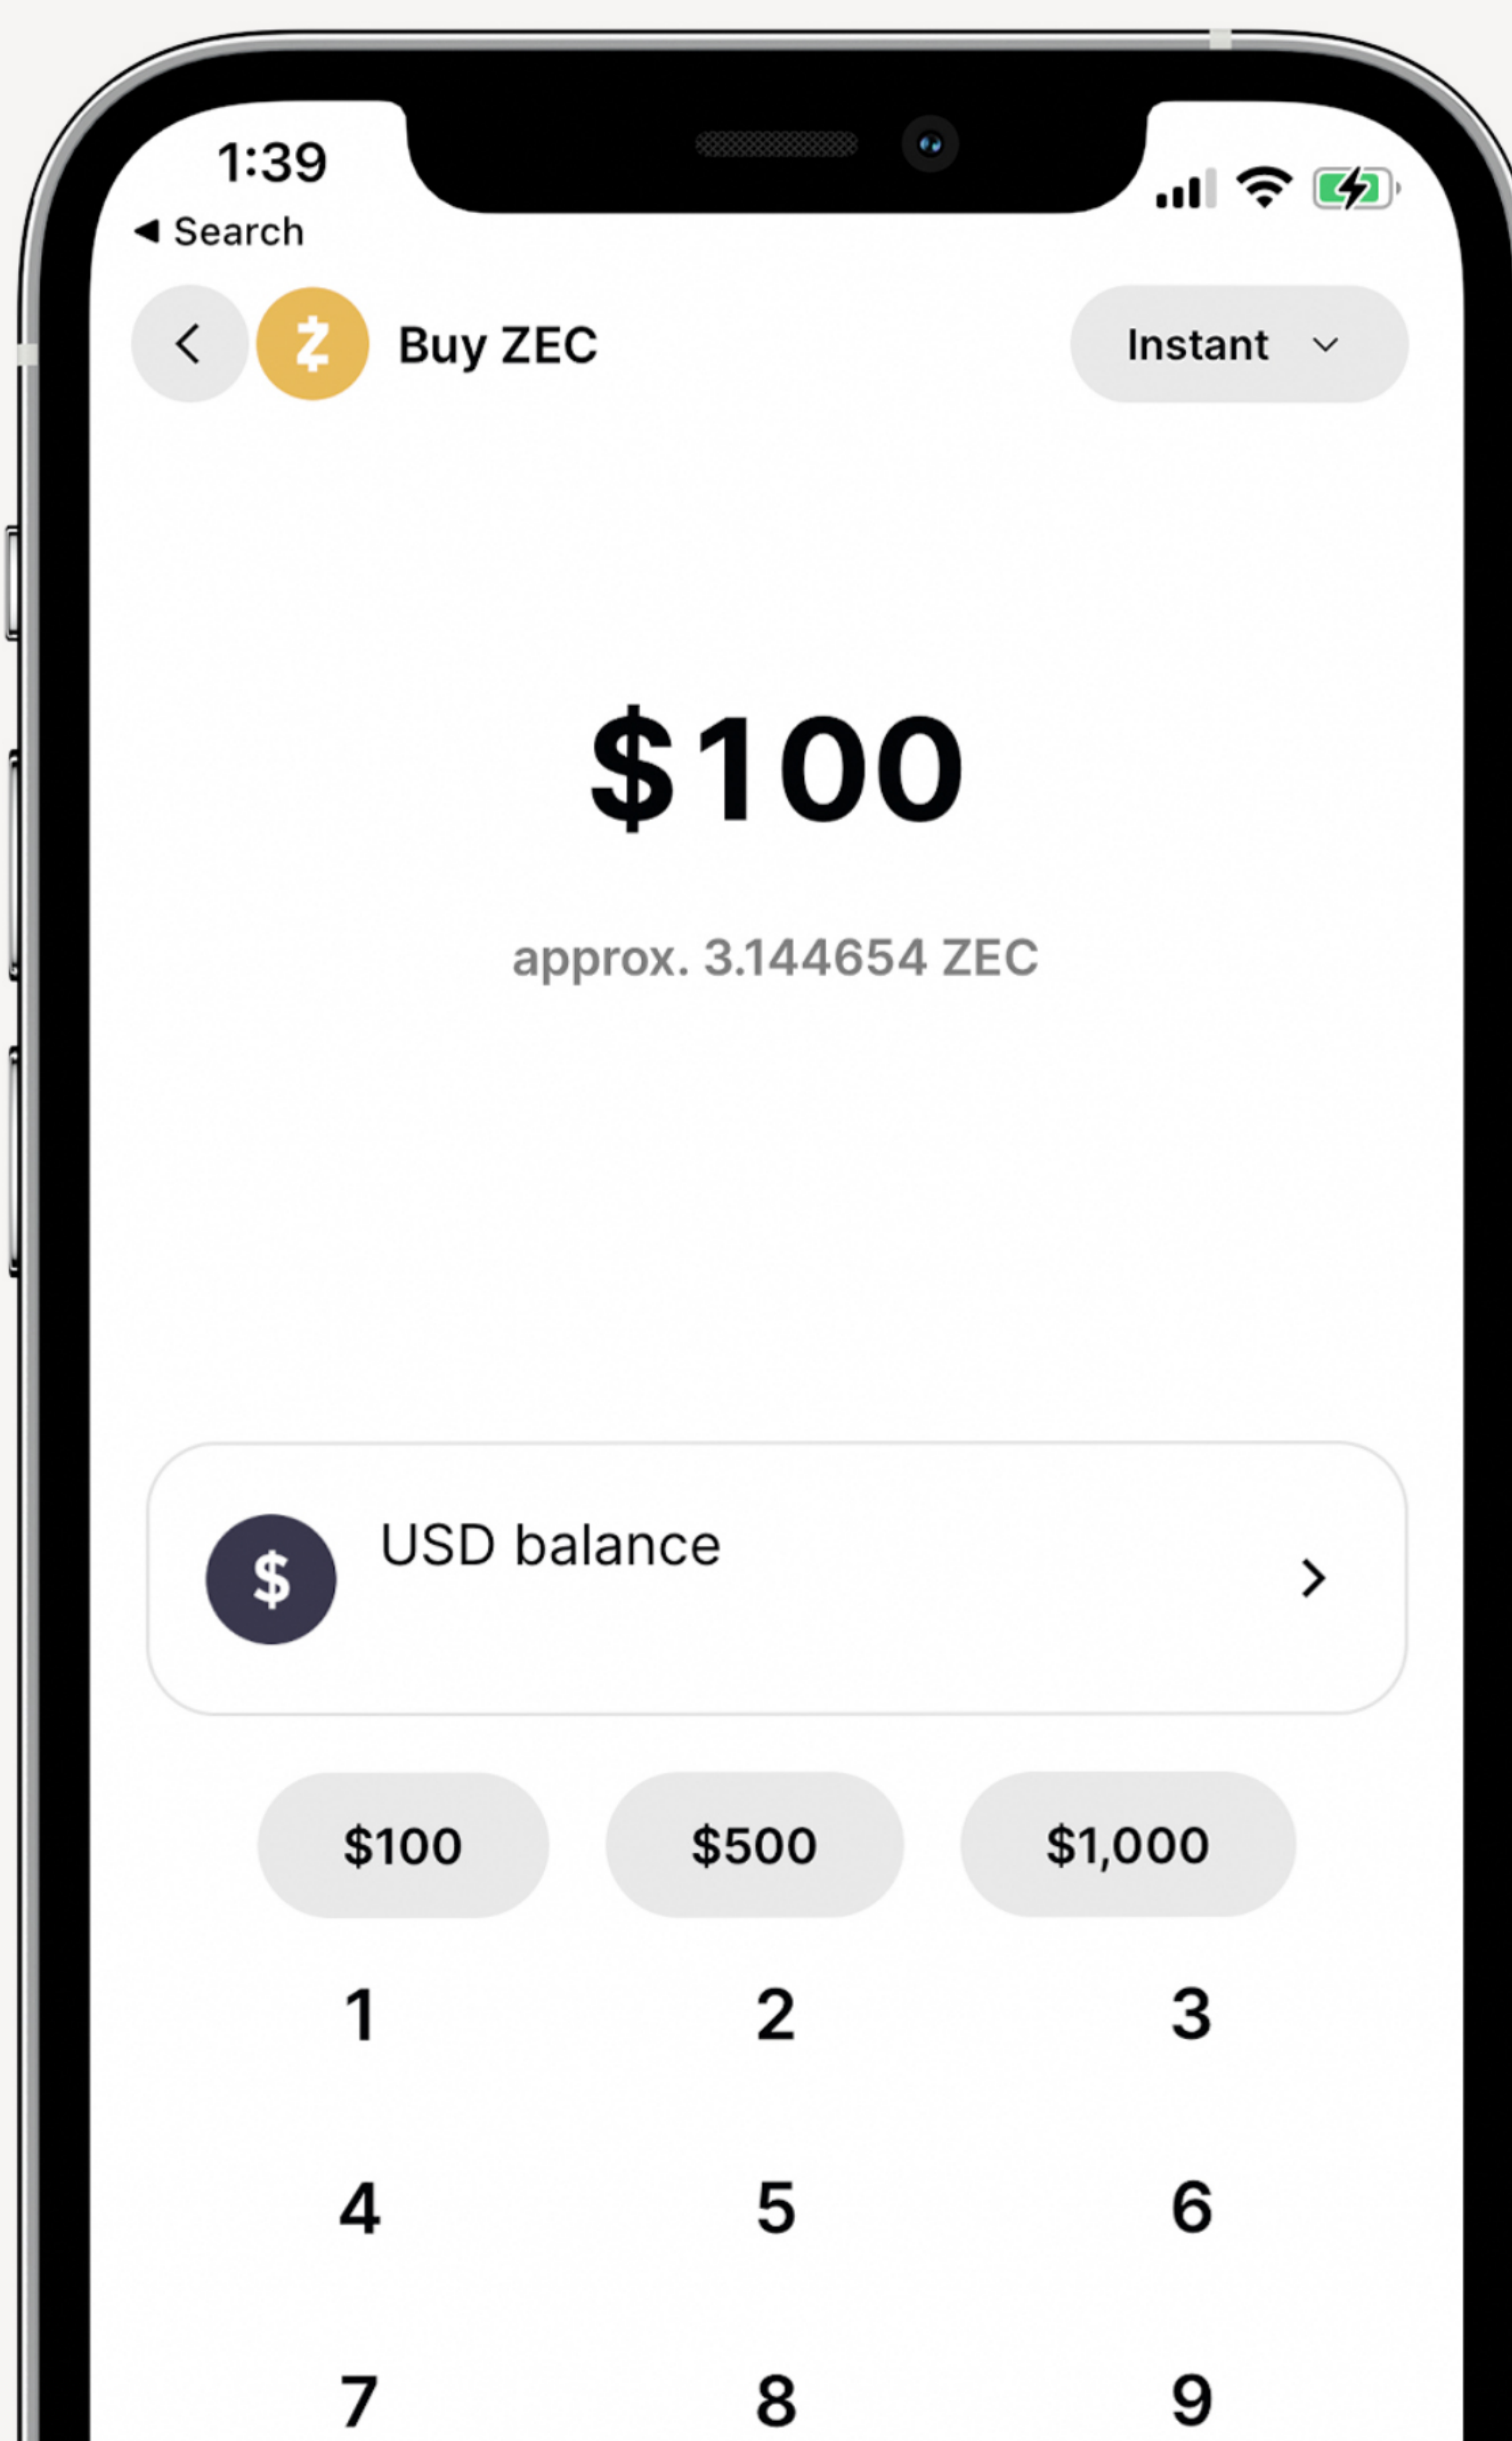

3

Navigate to Market, **search** for Zcash, and click on trade.

Enter the amount you wish to buy, confirm the transaction, and that's it!

You are now the proud owner of ZEC.
